Md. Mostafijur Rahman

Software Engineer

PROFILE

Software engineer with a B.Sc. and an M.Sc. in Computer Science and Engineering, building practical web and backend applications with Python, FastAPI, Django and Laravel. I work across databases, APIs and clean system design, and I learn by shipping real projects, from a sports IPTV backend to an Android rental manager and an M.Sc. thesis on website cookie tracking.

EXPERIENCE

Feb 2023 – Present
Executive
AristoPharma Ltd., Dhaka

Feb 2022 – Dec 2022
Software Support Engineer
Living Support

Jan 2016 – Jan 2017
Research Assistant
Savvy Techmart Ltd.

PROJECTS

Sports IPTV Backend — Source · Live demo
Python, FastAPI, PostgreSQL
Backend for a sports IPTV platform, with a public live demo.

Advanced Cookies Analyzer — Source
Python, Streamlit, Pandas, SQLite
M.Sc. thesis project that analyzes website cookies to explore privacy and tracking behavior.

BashaRent Manager — Source
Node.js, React, Android
Rental management app for buildings, flats, tenants, rent, bills, expenses and payments.

Web-Based CGPA Calculator — Source · Live demo
HTML, Tailwind CSS, JavaScript
Calculates semester GPA (SGPA) and cumulative GPA (CGPA) and generates a transcript.

EDUCATION

2026
M.Sc. in Computer Science and Engineering
Jahangirnagar University · result awaited

2019
B.Sc. in Computer Science and Engineering
Eastern University · CGPA 3.50 / 4.00

2014
Diploma in Engineering, Computer Technology
Chandpur Polytechnic Institute · CGPA 3.37 / 4.00

2010
Secondary School Certificate
Parzowar Kalindi High School · GPA 4.44 / 5.00
